1. Rename the (site root)/v3flashslideshow/slideshow.swf file to slideshow_v30x_t
2. Insert a new slideshow (you can later remove it). This will copy the updated slic
into place.
3. Upload the updated slideshow.swf file. .

Testimonials

"This is the best Photo Gallery I've seen period. What a God-Sent!! Excellently programmed… keep up the good work guys."

- Mark Hawkins [More]

"Great program! I installed and it works beautifully. I LOVE it."

- Joe Wiecha [More]

"…Just purchased V3 I can not tell you how useful your plugin is - don't think I can work without it."

- Bob Orsillo [More]
